Education

Master in Sound and Music Computing, 2024 – 2026
Universitat Pompeu Fabra, Barcelona, Spain.

Bachelor of Technology in Computer Science, 2020 – 2024
Kerala Technological University, Kerala, India.

Higher Secondary Education in Computer Science, 2018 – 2020
St. Berchman's Higher Secondary School, Kerala, India.

Work Experience

Software Developer, 2026 – Ahora
Pitch Innovations, Chennai, India.

- Contributing to Fluid Pitch 2
- Designing and developing the Carnatic-Engine which synthesizes Gamakas from plain Musical Instrument Digital Interface (MIDI), which can then be mapped to MIDI Polyphonic Expression (MPE).

Research Assistant, 2025 – 2026
Music Technology Group, Barcelona, Spain.

- Assisting research in computational melodic analysis of Carnatic music
- Improving and extending the *complAM* repository for computational analysis of Carnatic and Hindustani music.
- Contributed to *mirdata*, a dataset loader for widely used Music Information Retrieval (MIR) datasets.

Music Producer, 2019 – Ahora
Freelance, Kerala, India.

- Worked as an additional programmer for feature films and advertisements.
- Composed original scores for short films; awarded **Best Music Director** at SMIFA Shorts 2019 (Malayalam category).
- Produced, mixed, and released music as an independent artist.
- Provided audio production services for cultural events.

Volunteering

Joint Convenor, Media Team Lead, 2023
IHRD Tharang 2023.

Convocation Ceremony Coordinator, CEC Talks Coordinator, 2021 – 2023
Alumni Relation Cell, CEC.

Media Team Member, 2021 – 2023
IEEE SB CEC.

Media Team Member, 2021 – 2023
TinkerHub CE Chengannur.

Audio Editor, 2021 – 2023
CECify Radio.

Social Service Volunteer, 2018 – 2020
National Service Scheme.

Cadet (Army Wing), 2015 – 2017
National Cadet Corps.

Skills

Programming: C++  Python  JavaScript  Rust  Git

Media: FL Studio, Ableton Live, Cubase, Reaper, RX, Photoshop, Premiere Pro, After Effects, Figma

Publications

Leveraging Melodic Context for Improved Svara Representation, 2025
17th International Symposium on Computer Music Multidisciplinary Research.

 zenodo.org/records/17497901

A Rāga Independent Encoder for Svara Representation in Carnatic Music, 2026
13th International Conference on Digital Libraries for Musicology.

Adapting Deep Learning-based Meter Tracking to Carnatic Music, 2026
23rd Sound and Music Computing Conference and Winter School.

Achievements

Best Paper Award, 2025
17th International Symposium on Computer Music Multidisciplinary Research.

AICTE Tuition Fee Waiver, 2020
All India Council for Technical Education.

Best Music Director (Malayalam Category), 2019
Stoned Monkey International Film Awards for Shorts.

Projects

Coconut Audio,
VST plugin development initiative.,

 codeberg.org/Coconut-Audio,

 C++  JUCE  CMake .

Mirdata,
Contributed dataset loaders to mirdata, a Python library for MIR research.,

 github.com/mir-dataset-loaders/mirdata,

 Python .

ComplAM,
Contributed tools and tutorials to the Computational Indian Art Music toolkit.,

 github.com/MTG/complAM,

 Python  PyTorch .

TinkerHub CEC Website,
Contributed to the development of the official TinkerHub CE Chengannur website.,

 tinkerhub-cec-website.vercel.app,

 JavaScript  ReactJS .

Margrethe,
A Python package for researchers to log their experiments.,

 vivekvjyn.github.io/margrethe,

 Python .

Old Guitarist,
Physically modelled guitar VST plugin using finite difference method.,

 codeberg.org/Coconut-Audio/Old-guitarist,

 C++  JUCE  CMake .
